

31 December 2018

The fund is invested in the Standard Life Investments Japanese Equity Growth Fund which aims to provide long term growth and is designed for investors who are looking for exposure to the Japanese equity market. The fund invests predominantly in the shares of companies listed on the Japanese stock markets and it is actively managed. Please note that the Japanese equity exposure in this fund is currently managed by Sumitomo Mitsui Trust Bank, one of Japan's leading domestic equity managers.

The value of investments within the fund can fall as well as rise and is not guaranteed - you may get back less than you pay in. The fund may use derivatives for the purposes of efficient portfolio management, reduction of risk or to meet its investment objective if this is permitted and appropriate. The sterling value of overseas assets held in the fund may rise and fall as a result of exchange rate fluctuations.

Definitions

Volatility Rating - The volatility rating of a fund indicates how much the fund price might move compared to other funds. The higher the volatility rating, the less stable the fund price is likely to be. You can use this to help you decide how much risk you're comfortable taking with your investments.

Cash and Other - may include bank and building society deposits, other money market instruments such as Certificates of Deposits (CDs), Floating Rate Notes (FRNs) including Asset Backed Securities (ABSs), Money Market Funds and allowances for tax, dividends and interest due if appropriate.
