The fund aims to provide long term growth and is designed for investors who are looking for exposure to the Indian equity markets. The fund invests mainly in the shares of mid-capitalisation companies listed on Indian stock markets. The fund is actively managed by our investment team, who will select stocks to try to take advantage of opportunities they have identified. Please note that exposure to these stocks is currently obtained via a wholly-owned subsidiary fund incorporated in Mauritius.

SICAV Fund

Past performance is not a guide to future returns and future returns are not guaranteed. The price of assets and the income from them may go down as well as up and cannot be guaranteed; an investor may receive back less than their original investment. The fund may use derivatives to reduce risk or cost, or to generate additional capital or income at low risk. Usage of derivatives is monitored to ensure that the fund is not exposed to excessive or unintended risks. The value of assets held within the fund may rise and fall as a result of exchange rate fluctuations.
